Ribbon Cutting at Guy Coles Skate Park
City completes erosion prevention and micro-expansion

Who: City of Ketchum

What: Ribbon Cutting

When: Thursday, June 2, 2022 at noon

Where: Guy Coles Skate Park

Why: The city plans to thank the members of the community whose donations to the Guy Coles Skate Park Trust Fund enabled a micro-expansion of the Skate Park. Recent donations by the Board Bin and Sun Valley Ski Education Foundation filled the gap in funding to complete the project. In addition to the expansion, the contractor performed erosion prevention and a feature enhancement.

Thanks also goes to Tal Roberts for his generous donation of time to get the project rolling. He worked closely with the city's Facilities Maintenance team and contractor Jesse McDowell, who performed the concrete work on the project. A tree was donated to the site by Big Wood Landscape.
