BUSINESS LICENSE APPLICATION OVERVIEW

All prospective business owners applying for a City of Ketchum Business License should take the time to review the below information. An incomplete application will result in the immediate denial of a business license until a complete application is turned in.

General Overview

- A Business License is required for each premise located within the City of Ketchum in which any person is engaged in any business or occupation.
- A License is required for each separate location of a business.
- A new Business License Application is required if the business has relocated within Ketchum City limits.
- If your business is experiencing a change of ownership, you must submit a new Business License Application.
- If your business is not located within Ketchum City limits but you'd like a Business License through the City of Ketchum, you must pay the required fee and go through the typical approval process.
- The average processing time for a Business License Application is approximately two to four weeks.
- A Business License will be issued when each department (Waste-Water Department, Fire Department and Planning and Zoning) has given its approval for the application.
- Before applying, an applicant must confirm the business they are applying for is permitted in the location they are interested in by checking the GIS website provided in the "Planning and Zoning Requirements" section.
- To help expedite the process, each applicant shall fill out the required forms below with as much information as possible and submit them with the required fee.

Fire Department Requirements

- A fire inspection is required for every licensee applicant except for home offices.
- If your business is a daycare, a fire department daycare inspection is required.

- If you are remodeling your business, all remodels must be complete before an inspection is conducted.
- A fire sprinkler system and a monitored fire alarm system are required to have an annual inspection.
- If your building has a fire sprinkler system, fire alarm monitoring system, commercial cooking hood, and/or a fire extinguisher, you are required to have a Knox box.
- The form that the Fire Marshall uses to complete his inspections is attached for your reference. Please take time to review it as it will expedite the process.
- Failure to comply with applicable codes may result in a delay or denial of business licensure.

Planning and Zoning Requirements

- P&Z needs to know the zoning district in which you plan to operate your business. To locate that zone, go to the following link and search for the address:
<https://maps.co.blaine.id.us/jsapi/KetchumInfoMap.html>
- Certain businesses may not be permitted to operate in certain zones.
- The number of square feet, type of business you plan on operating, number of on-site parking spaces (along with a site plan showing parking spaces) and addition or change of an existing sign are required for review.
- If you wish to have a sign installed for your business, you must submit a Sign Permit Application to the Planning and Building Department.
- Failure to provide required information and failure to comply with applicable codes may result in a delay or denial of business licensure.

City Sales Tax

- The City of Ketchum imposes a local option tax (LOT) on retail sales within the City of Ketchum.
- The LOT excludes sales of groceries and motor vehicles.
- The LOT is in addition to the Idaho State sales tax of 6%.
- To conduct sales within the City of Ketchum, a business must apply for a City Sales Tax Permit.
- The LOT rates are as follows:
 - 3% (0.03) on room sales (including short term rentals of less than 30 days)
 - 3% (0.03) on liquor-by-the-drink sales
 - 2% (0.02) on other retail sales, including building materials

(FAILURE TO COMPLY WITH APPLICABLE CODES MAY RESULT IN A DELAY OR DENIAL OF BUSINESS LICENSURE)

Requirements:

FIRE ACCESS ROADS (IFC §503 & Appendix D)

All designated fire apparatus access roads shall be maintained free of obstructions and parking shall not be allowed to encroach on the minimum requirements.

ADDRESSES (IFC §505.1)

Building addresses shall be placed in a position that is **plainly legible and visible from the street or road fronting the property**. All occupancies as part of a building shall be identified with unique numeric or alphabetic addresses. These letters and numbers shall contrast with their background. Where required by the fire code official, address numbers shall be provided in additional approved locations to facilitate emergency response. Address numbers shall be Arabic numbers or alphabetical letters. Addresses shall be a minimum of 4 inches (101.6 mm) high with a minimum stroke width of 0.5 inch (12.7 mm). Actual address numbers and letters shall be located so that the bottom of the letters or numbers is a minimum of 48 inches above final grade.

FIRE EXTINGUISHERS (IFC §906)

Every occupancy shall have a **minimum of one extinguisher per garage and one extinguisher per kitchen area**. Extinguishers shall be mounted in a conspicuous, easy to access, unobstructed location that is less than 75' travel distance to any part of the occupancy. At a minimum, an extinguisher shall be mounted near the stair way at every floor in common areas of multi-family, multi-use, and commercial occupancies. Fire extinguishers shall be mounted not higher than 5 feet from the ground to the top of the extinguisher, and in no case shall the bottom of the extinguisher be closer than 4" to the ground.

- **When purchasing a new fire extinguisher, purchase an all-purpose ABC, MINIMUM 5Lb size with a minimum rating of 3-A:40-B:C.**

BUILDING EXITS (NFPA 101 & IFC §1031.2)

- Every sign required should be suitably illuminated via a reliable source of light. Externally, internally, and photo luminescent illuminated signs are all permissible.
- There must be at least 1.5 hrs. of emergency light if the building lighting fails.
- The provided emergency lighting should put out light that is at least an avg. of 1 foot-candle, and never less than .1 foot-candle. The regulation also sets out standards for the decline of the strength of light and uniformity ratio of that light.
- If a photo luminescent sign is used, a light must be provided to charge that sign so that if the lights go out, the sign will stay illuminated for at least 1.5 hours.

Required exit accesses, exits, and exit discharges shall be **continuously maintained free from obstructions or impediments** to full instant use in the case of fire or other emergency where the building area served by the egress is occupied. **An exit or exit passageway shall not be used for any purpose that interferes with a means of egress. Storage of any kind is not permissible under required exit stairwells.**

MEANS OF EGRESS ILLUMINATION (IFC §1008.1)

The means of egress serving a room or space shall be illuminated at all times that the room or space is occupied. In the event of power supply failure in rooms and spaces that require two or more means of egress (per IFC §1006.2.1) an emergency electrical system shall automatically illuminate all of the following areas: Aisles, Corridors, and Exit access stairwells and ramps.

ELECTRICAL EQUIPMENT AND WIRING (IFC §604)

Open junction boxes and open-wiring splices shall be prohibited. Approved covers shall be provided for all switch and electrical outlet boxes. Portable, electric space heaters shall not be plugged into extension cords. Extension cords and flexible cords shall not be affixed to structures, extended through walls, ceilings or floors, or under doors or floor coverings, nor shall such cords be subject to environmental damage or physical impact. Extension cords shall be used only with portable appliances.

KNOX BOX INSTALLATIONS (IFC §506)

All occupancies with monitored fire detection or suppression systems shall be required to **install and maintain** an approved Knox Box brand key box, with the appropriate keys, for emergency fire department access in a location approved by the fire department. The key box shall be sized to accommodate keys to every door of the project, it is strongly encouraged that occupancies utilize a master key. **THE FIRE DEPARTMENT IS NOT RESPONSIBLE FOR DAMAGE THAT IS DONE TO GAIN ACCESS WHEN THE RESPONSIBLE PARTY HAS REFUSED TO, OR OTHERWISE FAILED TO PROVIDE UPDATED KEYS TO ALL AREAS OF THE OCCUPANCY.**
